When Billy Sunday at the arena yesterday afternoon will agree that Billy was rough. In the first place, no one respecting decency, no matter how hard he is tried, can be compared to the Kaiser. It was worrying enough for Billy Sunday to use every hot word in the dictionary, and a few more would have been necessary in order to describe the demon's villainy, but, to say that an old-fashioned institution like the Demon Club, a record stretching back into the distant past, has shown no consideration than the demon

## GERMANY PAYS INDEMNITY

Paris, Aug. 21.—Germany has paid France an indemnity of 1,000,000 francs for the murder of Serg. Paul Mannheim, who was killed in the streets of Berlin by a German sentry. The French government will make a gift of this amount to the International Red Cross.

## When Farmers Make Big Money

Some good returns from growing alfalfa clover seed have been recorded of late showing very lucrative production per acre. Since then, it is clear that William Walker, of 11th avenue, Markham, has made a fine pile from his alfalfa. From less than five acres Mr. Walker harvested nearly 45 bushels, which he sold at \$25 a bushel, netting in round figures over \$1,000 cash. The seed was of a high quality, and the \$25 bushels were sold at the high price, from \$25 to \$30 above the market quotation. When a path-finder can make more than this profit well over \$100 per acre from one crop he is doing exceedingly well.

## WEST WANTS IRRIGATION

Only Way to Provide  
Against Disaster.  
Plenty of Water

Ottawa, Ont., Sept. 2.—The frequent western canaries were a feature of last session of parliament. The Western members are still keen on the issue. A motion has been called for today by the Western members whose constituents have been affected by the severe drought of the past year. Some twelve to fifteen members will attend, including all of the Southern Alberta and

Southwestern Saskatchewan representatives. The cause will discuss the question of aid for the farmers of the great territory, many of whom will be without seed and many on the verge of destitution this winter. It is not given assistance. It is estimated that in half of the area affected there will not be more than five to ten bushels to the acre.

**Permanent Solution**  
In addition to discussing the question of aid, the cause will help for the drought, the cause will consider the permanent solution of the problem. The cause will be discussed in a large section of the drought country rains cannot be depended upon permanently.

The general opinion is that the only satisfactory solution is the adoption of irrigation on a large scale. When the water is taken out of the river, the cause will be a large crop this year—calm in the desert. There is plenty of water from the mountains, and it is believed that irrigation is feasible for all of Southern Alberta and part at least of Western Saskatchewan.

## SMALL SEEDS ARE SCARCE

Toronto, Sept. 2.—Red clover seed will be high in price this fall, with alfalfa, sweet clover and timothy seed. It was announced by a circular issued by T. G. Raynor, of the Seed Branch, Ottawa.

At Toronto, one of the principal markets of the world, so far as seeds are concerned, red clover is quoted at \$13 a bushel for December delivery.

Mr. Raynor again emphasizes the need for sowing all seed possible, asking farmers to make sure there is no seed in the ground and growth before turning stock in it. Climate as far as possible the seed crop may be damaged by cutting, pulling or picking them out of the seed crop when practical. Don't cut the killed out of the plants, freeze, frost, rain, snow and other weeds common and noxious are most prevalent.

Through a lot of the hay which has been killed, and in many cases alfalfa and red clover seed. Alfalfa grew like a weed this year throughout eastern and northern Ontario. The fodder will not be injured for feeding, and good money may be made from the sale of the seed as well. Where a sowing daily is prevalent, seed do not grow well, but most other seed needs may be separated.

Some provision will be made for getting the threshing done by properly fitted machines that will do the work satisfactorily where there is enough work to warrant it, and three weeks or one month's threshing is considered to be worth while.

The Ontario Department of Agriculture will send free of charge, on application, experts to fit the ordinary threshing machines for handling the small seeds and will be located where second-hand bullocks are available.

## OBITUARY

Stanley Lochlin McLean

Never have the sympathies of the people of Lindsay been more deeply stirred than when it was announced yesterday afternoon that the unfortunate accident which occurred some ten days ago had resulted in the death of the Rose Memorial Hospital of Stanley McLean. During the last few days his frail and ailing body was suffering from a severe attack of pneumonia, which he contracted while in the hospital. It was not generally understood that the injuries sustained by him in the severe fall from the ambulance found that it was impossible to save the precious life of full promise.

The deceased was in the prime of life, being scarcely thirty years of age. He enlisted with the C. E. F. as a medical sergeant with Mr. McLean four years ago. He was transferred to the Ambulance Corps, and gave valuable service in alleviating the distress on the front lines of active service during the decisive battles fought on Pander Fields. His natural unselfishness and devotion to his friends made him a general favorite with the soldiers. Just as these same qualities attracted those whom he met in civil life. After the signing of the armistice the deceased went next to Germany with the army of occupation, returned to Canada, and arrived home to join his beloved family and place some three months ago.

He planned on completing his course at the College of Pharmacy this year and in the meantime was associated with Mr. Ed. Gregory, with whom he had been in his apprenticeship as a drug clerk.

Stanley McLean was one of our popular young men. He was a man among men. His many sterling qualities impressed themselves indelibly on his associates. His demise under peculiar and unfortunate circumstances has cast a gloom over the whole community.

## TWO CENT RATE BEING DISCUSSED

London, Sept. 2.—Hon. Roderick Lewis, once Postmaster-General in the Laurier Government, thinks Canada should go back to the two-cent postage. The latter states have so. To have a debate on the point he has moved a resolution stating that the House should consider whether a cheaper rate of postage and of cable communications should be adopted.

## G. V. V. A. ASKS FOR ENQUIRY

Ottawa, Sept. 2.—The Great War Veterans have been given an assurance by the Prime Minister that the government's decision on the proposed bill to appoint a commission to inquire into the merits of the proposed increase in soldiers' gratuity will be announced at an early date. The executive of the association, along with members who, the annual convention suggested, should represent the proposed commission, have interviewed Sir Robert Borden, and have been told that the decision will not long be delayed.

While at the convention a number held out for a flat gratuity of \$2, the official request is for an inquiry as to what extra amount the country is financially in a position to pay, and this finding will be added.

## CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken, little one may soon be beyond aid. Baby's Own Tablets are an ideal remedy in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine, being guaranteed by a government analyst to contain no opiates of narcotics or other harmful drugs. They cannot possibly do harm—they are always good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## "Flu to Return But Not As Bad"

DETROIT, Mich., Aug. 27.—Following his prediction before the President's section of the National Prater Congress, at the Hotel Statler yesterday, that an epidemic of influenza would sweep over the country this winter, Dr. W. A. Evans, former Health Commissioner of Chicago, confidently asserted that deaths from the disease would not materially increase as predicted in some parts of the country, and there was every reason to believe that in the course of a few years influenza and other diseases of the respiratory tract would be brought as completely under the control of science as, at present, are typhoid, scarlet fever and other bacterial diseases.

Dr. Evans based his belief that influenza would return this winter, on statistics that showed how the disease had continued in a constantly lessening degree for several years after the epidemic in 1918.

NEW YORK FASHION  
NEWS

Dear Madam:

In reply to your frantic signals for help as to fall clothes, am sending these impressionistic notes—which are almost as jumbled as the whims of Fashion herself recalled. Let's begin at the top:

There seems to be great latitude in the choice of hats. Feather millinery in every conceivable shape—these are usually small, rolled brim satins. The Hindu Turban style remains a favorite—is particularly remarkable for its coloring, faded green, cranberry, purple, brown and old red are especially noticeable. Satin and moire hats will undoubtedly be first choice for early fall wear. These are usually small, rolled brim satins. She who prefers a large chapeau will take the wide brim from side satin cautions with velvet crowns. Draped velvet turbans will also be popular.

As to dresses—The ever useful blue serge is again in evidence for fall wear. Skirts measure from a yard and a half to two yards around the bottom, and are frequently pleated. The length is problematical—since Miss and Mrs. America are not quite ready for the very short skirt, the darling of Paris. Most of these new little skirts are from 5 to 7 inches off the ground. The one-piece chemise frock is still seen, though an altitude is being made to bring back the shirtwaist and skirt effect of other days. Housey waists which extend to the hip line are very much liked. Wool embroidery in cranle colors is seen as trimming though Paris likes beads and deep fringes. So much has at present escaped from the present clasp of Madame La Mode. More soon. Very sincerely yours, Madeline Conner.

**McBRIDE**  
—Mrs. A. W. Robson and daughter Helen, spent a couple of days this week in Lindsay at Mrs. Robson's home.

—The Messrs. Twanley, St. Paul, have returned from Toronto after attending the Exhibition. They were also fortunate in seeing and shaking hands with the Prince of Wales.

—Alex. McFadyen, the energetic and popular representative of the Great West Life, left last evening for Toronto, where he will see the "Canadian National" Exhibition, and afterwards join head officers and representatives of the company from all over the broad Dominion on a trip to Muskoka. In the Highlands of Muskoka the agents will put up for one week at the Hotel "Royal Muskoka," where they will hold their annual convention. Only members of the 100,000 Club are guests of the Great West Life, which signifies that they have written that amount of business in the year. Mr. McFadyen has been a member of the club for three years, and as another recognition of his valuable services, the company recently presented him with a gold watch, which is suitably engraved, the three folding glass leaves proclaiming the fact that he is not only a member of the club, but succeeded in writing \$102,500 of business the first year, \$124,500 the second year, and \$209,400 the third year. Knowing Mr. McFadyen's reliability one can readily understand that he represents a good company and why he succeeds.

—Albert Wilson, accompanied by his wife and son, Jay Albert, who have been spending their vacation at the home of his mother, Mrs. and Mrs. Matthew Wilson, of Oshawa, left on Friday for Chicago. Mr. and Mrs. Matthew Wilson, who are taking a well earned vacation, accompanied them to their home, where they intended to spend a week. They are expected to return to visit in Northern Michigan.

## THE MARKETS AT A GLANCE

Not so very many weeks ago buyers were hesitating about going into the stock market to make purchases for future needs in large quantities. They preferred to buy at actual requirements, and to pay warehouse rather than mill prices for wheat. Now the chances are that a large buyer will find it difficult to get a mill to give him anything but a definite delivery promise. The uncertainty that exists regarding the labor situation in United States, especially as it controls wheat, the stock market, is having the effect of stimulating purchases in many lines, on the assumption that it may be hard to get supplies later on, should the strike fever break out, as it threatens to do.

Buying is quite general in plates, tubes, etc. In fact so urgent has been the call for plate in some cases that warehouse prices have been paid for tonnage that under ordinary circumstances would have gone to the mills. Delivery from the mills is not improving, this being especially true of the boiler tube situation where there is considerable spread now between the time of order and that of delivery.

The automobile business is still a good purchaser of machine tools, and also for various other goods from these firms are also buying. Dealers handling agricultural machinery report very good sales. In fact one large distributor first reported this week that they had sold their allotment of tractors already, including the fact that they had ordered to keep the sales force busy right up to the end of the year.—Canadian Machinery.

## P. E. I SEAT FOR KING

**Has the Problem of Finding Constituency Been Finally Solved?**  
Charlottetown, P.E.I., Sept. 1.—Hon. W. L. Mackenzie King, who is probably the Liberal candidate for Prince County in the by-election to be held October 27th, it is understood, has been writing to a number of business men in the county, asking them to sign a nomination. A convention is to be held at Summerside next Thursday. The fact that King has been solicited by Liberal delegates from Prince County at the Ottawa convention just after he was elected Liberal Minister, is a fact that will be noted.

In Prince, at the last general election, the late Capt. Joseph Road, Liberal, had a vote of 214 over his nephew, A. A. LeFevre. The latter will be Mr. King's opponent, unless he is appointed Lieutenant-Governor, a name being prominently mentioned in connection with this post.

## GALA DAY IN MARIPOSA TOWNSHIP

**200 Returned Soldiers, Nursing Sisters and Sailors Tended a Reception.**  
Gen. Hughes and Others Spoke—Presented With Watches, Medals and Addresses.

Wednesday, Aug. 27th, has long been remembered as a red letter day in the Township of Mariposa, because of the reception tendered to 200 or more returned men, sailors and nursing sisters at Little Britain. Despite the inclemency of the weather there was a large gathering from all parts of the township and the programme of entertainment as planned, except for the baseball game between a team of returned soldiers and the Lindsay Greys, which had to be cancelled owing to wet grounds. Ex-Warden A. A. Varcoe occupied the chair, the speakers including: Gen. Sir Sam Hughes, Rev. Chas. Jenkins, Dr. J. A. White, T. H. Simpson, Mayor (Hon. J. D. Cope) (Rev.) Lattimore, (both overseas men, and others. The address was made by Gen. G. W. Hall.

Presentations of gold watches and addresses from the township and county medals were made. Nursing sisters to be honored by the township were Miss Weldon, Miss Ferguson and Miss Hardy.

There was an attendance of about 1,000 at the joint picnic of the farmers of Essex and Kent.

## GAMBLERS HOLD FOOD SUPPLIES

**So Declares Hoover After Investigation. Much Speculation.**  
Paris, Sept. 2.—A discrediting era of speculation in foodstuffs in the United States and throughout the world's primary food markets, is largely responsible for high food prices, in the opinion of Herbert Hoover, chairman of the Inter-Allied Relief Organization, who, on the eve of his departure for the United States, granted the Associated Press an interview today.

Wharves and warehouses in Northern European ports are overflowing with foodstuffs, principally meats, fats and dairy products, sent by merchants all over the world. Mr. Hoover said, "These merchants, he declared had 'gambed' on the sales in Poland, Czechoslovakia, the Baltic States, and Germany at high prices, but their states have only a depreciated local currency and many commodities are in danger of spoiling as the Central European market for foodstuffs is limited to the ability of the people to buy on credit."

**Speculation, Not Shortage**  
"This year's speculation," Mr. Hoover said, "has been, in my opinion, the worst since the war. It has been the work of a few merchants and manufacturers that when the blockade was removed there was a enormous demand for foodstuffs and other commodities in Central and Eastern Europe. This speculation was not due to any important shortage at present of actual supply. This speculation fever, which was not confined to foodstuffs, was greatly stimulated by the long delay in the removal of the blockade, until the peace treaty was signed at Versailles. There is plenty of evidence that this was true of foodstuffs in glutted ports in Northern Europe."

Six children were burned to death at Little Lake, Mich., while the mother was shopping and the father lay-sleeping.

## DARRHOEA COLIC AND CRAMPS.

These and many other bowel complaints such as dysentery, cholera morbus, cholera infantum, or any other looser of the bowels, may be quickly relieved by a few drops of Dr. Fowler's Extract of Wild Strawberry. It is without a doubt the best of the natural and most powerful remedies in existence. It has been a household remedy for the past 74 years. Its effects are instantaneous, and it does not leave the system in a constipated condition.

See also Dr. D. 720 10th St., Saskatoon, Sask., writing—Having used Dr. Fowler's Extract for many years, I am in a position to strongly recommend it for diarrhoea, colic, and other ailments of the bowels. In case of a severe pain poisoning it has proved a remedy of exquisite quality and every time some poor harvester or laborer has been so afflicted, I have been glad to give of the valuable and highly efficient remedy. I would advise every householder and chemist to keep a supply.

If some unscrupulous druggist tries to talk you into taking some other preparation, please be sure to ask for "Dr. Fowler's" and if you are so deceived, do not refuse to take it, as these cheap imitations substitute may be dangerous to your health. The price of the genuine is 25c a bottle, and sent post paid by The T. Millard Co., Limited, Toronto.

## THEIR LAST DANCE TOGETHER

Mrs. Castle tells a pretty story of her final performance with her husband.

Terse Castle's memories of her late husband, Capt. Vernon Castle, conclude in Everybody's with the following account of their last public appearance:

"Our last dance was while he was in London. I had been to New York, Canada. He had been given permission to come to New York to dance with me at a British recruiting benefit which was held at the New York Hippodrome. Because he had been given permission to dance in uniform, I had been told that we had had our old dances together, but I had never the day before to work myself hard in breaking up. I had expected that Vernon would have forgotten altogether the lot of the steps or that he would be a little stiff from lack of practice, but on the night of the benefit he danced divinely. The close of the performance many beautiful flowers were handed to us, and we were warmly applauded. There were tears in his eyes. I wonder if he missed me when I danced with him. He had never the day before to work myself hard in breaking up. I had expected that Vernon would have forgotten altogether the lot of the steps or that he would be a little stiff from lack of practice, but on the night of the benefit he danced divinely. # THOMAS GAGE PASSED AWAY

## Died Suddenly While on Way to Work - A Distinct Loss to Community.

### Prominent Orangeman

The suddenness of death and the absolute uncertainty of life were again brought home to the citizens of Lindsay this morning when the news spread quickly to all parts of the town and country and came as a shock to his many friends in this district.

Immediately previous to his death the deceased talked with Mr. Charlie Golden and Mr. Pierce at the G.T.R. station. He conversed in his usual jovial manner and was apparently feeling well. He proceeded down William-street and was walking alone a usual filling his pipe and smoking. He suddenly collapsed opposite Mr. W. McGee's house. Passers-by and neighbors quickly came to his assistance. Dr. White was rushed to the scene but found that life was already extinct. Tom Gage was dead.

His conversation with Mr. W. McGee was that death was due to heart failure, and that the deceased had previous trouble from hardening of the arteries or arteriosclerosis. The final collapse, the physician stated, would be instantaneous, and come without warning.

Thomas Gage was sixty-one years of age. He was born in Scotland. He took a keen interest in all phases of community life and was a most influential influence for the betterment of those with whom he came in contact. He was a member of the Lindsay Curling Club, one of the most popular players at the rink. However, perhaps his influence and will in the community was in the Orange organizations in this district and Province. He was a member of Bobcaygeon Royal Society Club, was Grandmaster of the Black Regiment No. 262, a Past Master of L.O.L. No. 22, and was considered one of the best lecturers in the country in all matters relating to the Orange and Black Rites. He was an officer of the Grand Black Regiment of Ontario, and had attended Grand Lodge regularly for years. He had many friends all over Ontario, who considered him one of the most prominent Orangemen in Canada, and who will be deeply grieved on hearing of his death.

Among those who were his personal friends was Mr. "Buddy" Gage. Only last night he accompanied a degree team to Valentin's and exemplified the work.

Among the members of Victoria County Orange Lodge he was recently admitted as a member, having held the office of 1st Lecturer for seven years, and at the time of his death was County Director of Ceremonies. He was also a member of Bobcaygeon Lodge of the Independent Order of Oddfellows, and Guelph Star Fraternity No. 22, Lindsay. In addition he was a faithful member of St. Andrew's Presbyterian church.

Left to mourn his loss are his aged mother, his wife, four daughters Mrs. Buck, Mrs. Sheehy, Mrs. O'Toronto, Mrs. Egan, Buffalo, and Miss Gage at home. There are also three sons, William and Albert of Toronto, and Thomas of Kingston.

Two sons now serve overseas in Flanders fields.

Four sisters, Mrs. McGee, Mrs. Grieve, Mrs. Hickman, and Mrs. Tully, all living in United States, also survive.

The funeral will be held on Friday afternoon at 2:30 in Riverside funeral home and will be conducted by L.O.L. No. 22, and R.P.S. No. 262.

# PREMIER BORDEN WILL GO INTO WHOLE MATTER

## Thinks Two Thousand Dollars Out of Question in View of Financial Condition of Canada.

Ottawa, Sept. 10.—Telegrams are being sent into Ottawa by the wire to the members protesting against the action of Sir Robert Borden and the Cabinet in turning down the proposal for a £2,000 gratuity to the Canadian Veterans and the appointment of a commission to investigate its advisability.

As soon as Sir Robert recovers from his indisposition he will be asked upon by a committee representing the soldier members of the House, headed by Col. Cooper, of Vancouver. The department will discuss the whole situation with the Prime Minister.

While Sir Robert frankly told the veterans that he regarded the wire as an impossible in view of the financial condition of the country, and was opposed to the idea of a commission, he said that he was ready to place all available information at the disposal of the committee to examine the matter.

The veterans' committee would see that such a committee would be formed.

# TEACHERS WANT MORE MONEY

Editha is reaching the Department of Education that the campaign of persuasion which it has been carrying on to have school teachers' salaries increased is bearing fruit. It was in the middle of July that Hon. Dr. Coyle sent a letter to all public and separate school inspectors impressing upon them the importance of their urging upon the trustees in their districts the need of paying higher salaries.

"It is needless to remind you that no teacher can teach well who suffers from the discouragement due to financial anxieties and to a sense of injustice," Dr. Coyle wrote in that letter, at the same time pointing out that unless teachers were treated more generously the inevitable consequence would be the depletion of the teachers' training schools, and the serious impairment of the teaching force within the Province.

Within the last few weeks one or two inspectors have notified the department that salaries in their districts have not been increased. Dr. Coyle within the last few or two also received a communication from Inspector J. E. Johnson of Prince Edward county, in which he states that with two or three exceptions salaries have not been increased by from \$50 to \$250.

Dr. Coyle stated yesterday that the quarter of a million dollars' grant voted by the Legislature at the last session for the purpose of increasing the salaries of rural school teachers had been already paid. The basis adopted was to grade the rural school sections of the Province according to assessment, and where the less wealthy sections had been paying less adequate salaries the grant was made larger.

The Ontario Government is intent upon securing justice for the teaching profession. At the last session on the Legislature a quarter of a million dollars was set aside as a fund from which to increase rural school teachers' salaries. It is hoped that the school sections will respond by doing their share in placing the remuneration of one section on a par with other sections in the community upon a decent basis. If Hon. Dr. Coyle's wishes are gratified the country teachers' fund will aggregate from \$200,000 to \$750,000. As the Minister says, the teachers cannot do otherwise than be satisfied with the laboring under a sense of unfair treatment. No Government in the history of this country has been so solicitous for the teachers' welfare as the present Administration. Dr. Coyle's presence at the head of the Education Department affords an absolute guarantee that still more will be accomplished for the most vital of professions in the next few years.

## GOVT. WILL BUY CATTLE

To assist the farmer of New Ontario in getting more firmly established in the dairy business, the Department of Agriculture, in co-operation with the Northern Development branch, under Hon. G. Howard Ferguson, is undertaking to purchase several carloads of milkers for sale in the North county. There is a large supply of fodder for cattle in the North this fall, and there is a shortage of milk and cream. The difficulty hereafter has been that the farmers have not had the capital to purchase the cows and have consequently been unable to extend their dairying activities.

Believing that the Department could be of real assistance to the settlers, Hon. Mr. Ferguson offered to purchase the cattle required by the settlers upon joint lien notes. The purchase of the cattle will be carried on in other Ontario under the direction of the Commissioner of Agriculture, Mr. C. J. Bailey. At a time it was thought the cows might be purchased out west, but the thought and the desire to get rid of the herds, but with conditions improved there is no doubt equally favorable prices can be secured in this Province.

# 79 Kent-st CLAXTON & CO. LINDSAY

secured in this Province. Per Joseph Bailey, J. C. McNeill, R. H. Reid and others.

Mr. J. E. Adams tendered his resignation as chairman and Mr. J. Bailey was unanimously elected to fill the office.

Mr. John McNeill, having heard that his cousin Kenneth Hagerly had been a prisoner in Germany, and who he now returned to his home, a dinner, gave a little talk in connection with his cousin's life as a prisoner, telling of the cruelty he received at the hands of the Hun. This was one of the boys that were sending bread to.

At the closing of the meeting congratulations were offered from the instrumental by Miss Mary Kelly, an Institute to Mr. J. W. Reid, who a few days ago celebrated his 95th birthday.

The meeting closed by singing the national anthem, after which refreshments were served by the hostesses for the day, Mrs. Fred Morden and Mrs. Chas. Calvert.

A strange man, reported to be insane, has been wandering through the woods this side of Whitechurch swamp, near Lockwood.

The Niagara Grape Growers' Association have decided that the price of Concord and Niagara grapes will be 40 cents a basket to dealers.

## S. S. STAPLES IS CHOICE

Millbrook, Sept. 9.—S. S. Staples won of J. P. Staples, a prominent live stock breeder of this section, was nominated at a U.F.O.—Provincial Convention for Durham held here this afternoon.

A feature of the meeting was the presence of Messrs. A. McElroy and W. A. Thomas, both of Port Hope, representing the Labor interests of the lake shore town. The two men engaged the 200 farmers present that they desired to co-operate with them in securing a better form of Government, and as Labor delegates would make a favorable report to the Labor interests which they represent in Port Hope.

The speakers at the meeting were Mrs. Webster of Canby, J. J. Morrison, secretary of the U.F.O.; J. M. Holling, of Clarke Township, County Director of the U.F.O.

The following candidates were nominated: Robert McEamus, of Ida, S. E. Staples, Ida, McEustice, Cavan; John Walker, Hope township, and Warden A. J. Henderson, Cavan. The first four farmers resigned, and Warden Henderson not being a member of the U.F.O., could not qualify. He was not present at the meeting. S. S. Staples finally agreed to accept the nomination.

## Haliburton Editor Had "Night Out"

To be stalled all night in a car in the chill September air was the experience of the editor of the newspaper published in Haliburton county, and his party a few evenings ago. The newspaper man was returning from Toronto to his northern home and had reached Moore's Falls without a mishap, when presto! The car stalled, with the engine, with the blue canopy of heaven as a covering. When the morning sun showed its nose over the northern hills, the occupants of the car shook off sleep and made plans to reach home as best they could.

## BLOUSES.

Fresh From Their Boxes

A splendid quality of Georgette Crepe is employed in these dainty blouses, which may be had in flesh, white and navy. Fronts beautifully embroidered in self and contrasting colors, square collars finished with nice edge and dainty cuffs are attractive features of these new fall models. In all sizes. Price \$6.75 to \$16.00.

## DRESSES

Just Received from Manufacturer

Every girl or woman will be interested in these new frocks of crepe, decline, chambrase and taffeta. They are designed in the delightful new fashions of fall—tunics, side-closing boleros, vestees, quaint collars or becoming round necks, wide girdles giving long waist effect, and gathered skirts, with overskirts draped or with peplums. In a number of attractive colors. Price \$25.00.

## NEW ARRIVALS IN COATS, SUITS, DRESSES AND BLOUSES

Fall Suits—Smart New Models \$25.00 to \$50.00

Among the many suit styles at this price are youthful Norfolk effects, with narrow belts and quaint pockets; belted models, and plain tailored coat suits with convertible or tailored collars.

The Skirts are two-piece, with gathered backs, set-in pockets, and separate belts. Some are trimmed with arrow heads, others with military braid. Of silvertone and tux in all the new colors. Coats are beautifully lined with novelty silk.

It is impossible to do full justice to their attractiveness. Better see them.

Fall Coats of Character—\$25.00 to \$75.00.

It is seldom that one finds at this moderate price so many smart coats to select from. Developed in colour cheviot and silvertone velour-henna, deer, burgundy, Pekin, tanpe, brown, castor, green and navy.

Belted or swirl backs, convertible collars, kimono or set in sleeves, narrow belts and novelty pockets are among the quaint devices used to give these splendidly tailored coats a touch of distinction.

Lined throughout or half lined with poplin or satin in Oriental designs.

In Women's, Misses' and Juniors' sizes.

## FASHIONABLE FURS POPULAR PRICED

Every indication shows that furs and fashion are allied more closely than ever. The visible supply of raw materials is far below the demand and prices are likely to advance with the season. We have backed our belief in a record breaking demand by placing in stock a greater assortment than ever before.

When you buy your furs from us you get them right. Hudson Seal in the long scarf and cape style, with Empire muff, Black and Tanpe Lynx, Black and Tanpe Wolf, Black and Canadian Red Fox, Beaver, Persian Lamb, Sable.

## BOYS' FALL AND WINTER SUITS.

Our new suits for boys and youths this season are very choice. Hand-tailored manish tweeds of soft finish, seem to be the most popular in Greys, Bronze and Greenish. We show, however, a number of fine worsteds as well, particularly in sizes from 31 to 36. Boys' suits priced \$9.00 to \$18.50.

## BOYS' WATERPROOF TWEED COATS

Waterproof tweed coats for boys from 6 to 12 years. These are very neatly made coats, same style as the men's, with fall belts. Dark colors, guaranteed waterproof. Priced from \$6.00 to \$8.75.

## YOUNG MEN'S SUITS.

New Suits of Real Merit

Service, style and quality. These are the first, most important and essential factors to be considered when selecting your new fall outfit.

We have a big range of the newest, most up-to-date fabrics and models. Young men's waist line and young men's plain chest-fitting models are two of the most popular, but we have many others as well and above all they are moderately priced. Young men's suits priced \$18.00 to \$35.00.

## CONSERVATIVE MEN'S SUITS.

By these we mean the reg. plain Sunday model. The kind that does not change much in model. For the more moderate dresser who prefers quality rather than extreme style. These we have also in a great variety and all of quality well worth the money. Navy blue serge, plain dark grey worsteds, and a variety of mixed patterns in both tweeds and worsteds. Priced from \$22.50 to \$45.00.

## INDIVIDUAL VEILS.

In all new mesh designs, flowing styles, embroidered borders and designs. Black, Navy, Brown, Tanpe, Purple. Each 85c. to \$2.00.

## FALL GLOVES.

Fine quality Chamoisette Gloves in medium weights, a splendid washable glove in Black, White, Grey, Fawn, Natural and Brown. Plain and fancy patterns, two domes. Also gamut style. Special quality at \$1.00 to \$2.00.

## CAP HAIR NET SPECIAL

These are made of fine real hair, medium mesh, in Black, Dark and Mid-brown, also Light Brown. Special 10c. each, 3 for 25c.

## CHINTZ BAGS.

Smart fancy Chintz shopping bags in a variety of pretty patterns. \$1.75 and \$2.00.

## NEW FALL OVERCOATS

We have received quite a large portion of our new fall overcoats. Waterproof or plain cloth. Rather loose belted models are the most popular, but some waist-line models are in demand. We have look, and our prices, considering the quality and class, are very moderate. Priced \$16.50 to \$35.00.

## SPECIAL MEN'S SUITS \$20.

These are a lot of old suits which we are rather anxious to clear out because of them being old and broken lines. Regular young men's models. Dark and medium colors in both tweeds and worsteds.

They are extra good value, and we are sure that at this price they will make for our store a number of good and permanent friends. Special at \$20.00.

## MEN'S NEW HATS.

Our new felt hats are arriving now also. The King hat is without doubt the best \$5.00 hat made. The style and quality in every way cannot be equaled in any other make at the price.

## BORSALINO HATS.

We are agents in this country for the Borsalino Hat. The hat that enjoys a world-wide reputation for quality unsurpassed. The kind we like to sell to our friends.

For convenience and comfort nothing takes the place of a good quality light but warm cap. This season we show the best

## MEN'S FALL CAPS

and most complete line yet, and they surely are of dressy appearance as well. \$1.75 to \$2.50.

NO BOARD,  
NO SCHOOL.

St. Thomas, Sept. 11.—A strong argument in support of the need of consolidated schools in the rural

district is to hand from S. S. No. 15, Southwold township, where the trustees have been unable to open the institution so far this term on account of the refusal of the farm women to board the teacher.

The personality of the teacher had nothing to do with it, as she is a young lady who is well liked in the community. The difficulty lies in the

fact that the farm matrons are all compelled to do their own work, owing to the scarcity of female labor, and they find themselves unable to assume the additional responsibilities of hospitality. In consequence the school is teacherless and reluctant, and many of the children have been forced to attend a distant school, not so unfortunately situated.

No relief appears in sight unless the difficulty appears to be the existence of the farm women, within reach of the school, and at the last meeting of the school board, and agreed to have the board a resolution forwarded the poor "school matron".

The only satisfactory solution of their war zone.

About one hundred Australian soldiers passed through here on their way to the front.

## British Dirigible Starts For India

London, Sept. 10.—The British dirigible R-22 started at 8.20 o'clock this evening on a trip to India.

The R-22 is a sister ship of the R-21, which once time and made a round trip across the Atlantic

Green. The original plans for the trip to India contemplated visits by the dirigible to France, Switzerland, Italy and Egypt. It was estimated that the voyage would occupy from fifteen to twenty days.

A mammoth meeting was held in support of the demand for \$2,000 gratuity for each returned soldier.

## MR. DODD RESIGNED IN ILL HEALTH

Has Been Pastor at Fenslon Falls for Many Years

Rev. Capt. Dodds Accepts Call to Cheltenham

At a meeting of the Lindsay Presbyterian held in St. Andrew's church on Tuesday, Sept. 16th, Rev. Mr. Lord, of Fenslon Falls, tendered his resignation as pastor of the Fenslon church in the village. The reverend gentleman has been pastor of the charge for a number of years, and many of the members expressed their deep regret that he ill prevented him from continuing his labors. He spoke highly of his work and the esteem in which he is held. A delegation from the Falls also appeared and voted their regret at the illness of their pastor and of his valuable work in the interest of Presbyterianism while in the Fenslon. Rev. (Capt.) T. Dodd, of Snyla has received a call to Cheltenham, which he has accepted.

Rev. P. H. McLean, of Lindsay, was appointed Moderator for Fenslon Falls, and Rev. Mr. McDonald, of Woodville for Snyla.

Rev. E. W. McKay, of Beaverton, presented a splendid statement regarding the Forward Movement.

## MARIPOSA FALL FAIR ON TUESDAY

Large Attendance  
Good Showing of  
Live Stock.

Woodville Band  
Provided Good Program

Mariposa's annual exhibition was held at Woodville Monday and Tuesday and compared well with previous years. The weather was favorable and a large number of people from the district were present to inspect the exhibits, meet their friends, and enjoy the games of baseball played during the afternoon.

The proceedings were brightened by the splendid program of music played by the Woodville band.

In the main hall the attention of visitors was attracted by the artistic display of "fellows" work and fruit and dairy products. The quality and quantity of roots and vegetables were scarcely as good as other years which is explained by the weather during the past season. The live stock, however, was excellent. The majority of classes were well filled and the selection of the winners was in many cases a perplexing problem for the judges. It is worthy of note that the judges particularly noted that an unusual interest was taken the ladies who were there in large numbers.

The directors of Mariposa Agricultural Society are to be congratulated on the success of this year's exhibition.

Good Show At

## 'CAYCEONITES LIKED PETERBORO FAIR, BUT ARE WAITING FOR THE BEST OF FAIRS AT LINDSAY

Peterborough, Sept. 16.—The Peterborough Board of Trade which advertised a round trip excursion via St. Mary's Lake to Chemung and via Peterborough for fifty cents, and which was in line for the worth of the money, with some two score or so of 'Cayceonites' took in the trip to the Lake and saw the city and the fair. We were assured that the fair this year was the best ever, but when we asked one of the managers on the grounds, he informed us they always had a good fair, and we agreed. The city and county take a pride in it. The stock pens of sheep, pigs, horses and cattle were filled to overflowing, among which was Mr. James Seymour's famous Holstein, with their respective value of 100 pounds of milk a day and over 14,000 pounds in six months.

and a half. The machinery and agricultural implements and auto exhibit was fair, and while the mid-week and the ring seemed to be a sort of bargain offered for a dime, yet thoughtful people soon hiked along to leave the fortune-tellers and the game boys and the two-dollar bill man behind, while they took the part more in keeping with agriculture. During the afternoon the school children sang in competition and an aeroplane hovered over the grounds at frequent intervals. It was a fine all round fair, good grounds, a fine day and a fine crowd. But while this is a home, we have this holiday on Friday and then with the old girl we will do the Lindsay fair. Lindsay can surpass Peterborough fair in buildings and in having things compact, and is the general all round show, so that the Cayceonites will crown on Friday they will swell the crowd on Saturday, 14,000 pounds in six months.

## WARM DEBATE IN HOUSE ON GRATUITIES—SOLDIER MEMBERS FOR AND AGAINST

Ottawa, Sept. 16.—The entire sitting of the House of Commons today was engrossed by the debate upon the subject of the gratuities asked for the returned soldiers. It came before the House upon the motion of Colonel John A. Currie, Unionist member for North Simcoe, who moved the adjournment in order to discuss the subject as a matter of great importance. In the nature of things no conclusion could be reached, but the motion opened wide the doors to an almost unlimited debate. The general opinion of the House seemed to be clearly against the proposed gratuities. Indeed, about the only member to come out flat-footed in their favor was Colonel Currie himself. He stated that he was in favor of granting the demand of the Returned Soldiers' Gratuity Association, which asked for a bonus or gratuity of \$2,000 for every returned soldier who served in France, \$1,500 for every one who served in England, and \$1,000 for every one who served in Canada. He believed that the entire cost would not exceed \$100,000,000, and he expressed his conviction that his share in the German indemnity would be less than one billion dollars. He, moreover, suggested that additional revenue could be secured by the government to pay the gratuities by imposing an additional duty of seven per cent. upon all imports entering Canada.

## THREE FAMILIES WILL MOVE TO TORONTO

Three well-known families belonging to the Cambridge-Cayceon church are about to move from Lindsay to Toronto. The families are those of Mr. J. E. Adams and family, Mr. J. H. Hendrick and family to Oregon; Mr. John Duncan and family to Toronto.

At the conclusion of the regular prayer services this evening, the above church a short farewell service will be held by friends of the above families.

Veterans To  
Meet in New  
Club House

Lindsay members of the Great War Veterans Association will meet in their new Club House this evening for the first time. The club house has been made very presentable inside, and will soon be presented to the members of the club.

The G.W.V.A. executive refused to accept the resignation of Secretary W. E. Turley.

## WAR TROPHY AT THE FAIR

One of the best added features at the Lindsay fair will be the war trophy in the shape of a Fokker aeroplane. This machine which will appear in exhibition flights during the days of the fair, was captured from the Germans. It is one of the very latest designs, and is capable of travelling at 150 miles an hour. It is a huge, massive machine, and will no doubt exert considerable interest.

Shower For  
Young Lady  
Of REABORO

Showered With Miscellaneous Articles by Her Girl Friends

Reaboro, Sept. 17.—A very pleasant social evening was spent on Friday, September 12th, at the home of Mr. and Mrs. Edward Sanderson, when the friends in this community of Miss Hazel Sanderson gathered to present her with a miscellaneous shower, and to say farewell to her before she leaves for her new home. The address was read by Miss Hazel Calvert and gifts presented in large numbers. Mr. and Mrs. Doyl, Mr. Hogan and Gerlie Hickson.

Dear Hazel.—We a few friends have gathered this evening at your home to wish you all success and happiness in the future. You have always proved a true and devoted friend, and we shall miss you in this community, but our love is some one who will be with you and we wish you to accept these gifts. We wish you the best of luck and a long and happy wedded life.

Signed in behalf of your friends—Hazel Calvert, Gerlie Doyl, Mr. Hogan, Adella Hickson.

Miss Sanderson gave a very pleasant reply, thanking all for their kindness, and for their useful and beautiful gifts, and invited to come and visit her in her new home. The remainder of the evening was spent in music. There was a very good lunch also served during the course of the evening.

U. S. Menaces  
World Peace

New York, Sept. 16.—The peace of the world, measured by the United States delay in ratifying the peace treaty, according to Sir George Grey, Mark, member of Parliament for Cornwall, who arrived here today, Sir George is the real partner in an international engineering firm which has offices in London and New York and his visit to this country is for business reasons.

"America is holding the peace of the world," he said, "by her refusal to sign the peace treaty. I may even make it stronger, America is not signing the peace of the universe."

Sir George declared that America's refusal to ratify the peace treaty was in "chance and that he believed the responsibility lay with a group of politicians."

MUST HAND  
OVER THE EX-  
EMPEROR

Paris, Sept. 16.—Premier Lloyd George is determined to have it settled that the Peace Conference demand from him that he hand him over to the Emperor William, according to Le Journal today. The newspaper underlines that the emperor, who is planning to leave Paris today, will insist before departing on having such action decided upon.

North Toronto taxpayers started a campaign for secession from the city.

## LABOR THREATS TO ENFORCE LEGISLATION FOR A FORTY-FOUR HOUR WEEK

Ottawa, Sept. 16.—A threat of "direct action" to enforce legislation making the 38-hour day and 44-hour week compulsory at least Canada, which came from more than one source, served to liven up the afternoon session of the National Industrial Conference, held in the senate chamber. The question of shorter hours of labor in the industries of the Dominion was the bone of contention during the entire afternoon and the respective views of capital and labor on the subject were ably presented.

Capital objected that reduction of the hours of labor meant reducing the output of factories and workshops. "There is nothing that will decrease production more than a strike of a month or more in duration," countered James Wining, one of the leaders in the recent Winnipeg strike, "and that is what would happen in the case of the industrial peace, in the opinion of Mr. Wining, and also of the other speakers, is at present completely out of the question."

THE ADDRESS

Hamilton, Sept. 17.—Under police escort, George Pollack, of Pollack Bros., grocers, was summarily brought before W. P. O'Connor, K.C., and sworn as to certain 100 pounds of Dominion sugar sold to Mrs. Ada Nash of Sept. 7. The evidence disclosed the fact that Mrs. Nash had been charged \$12.75, that on protesting she had been asked to pay the balance of a cent a pound, intended to make only a cent a pound. When the spoke of witness to Ottawa concerning the matter, the grocer told her she could not do anything. If she did, Mr. O'Connor gave the grocer a chance to "phone and find out where he had bought the part of sugar. When he returned he said he had bought it from Gouen and Hyde, Barton street and Keel street, for \$12.

"That's about the lowest price," said Mr. O'Connor, who ordered that these merchants be invited to appear before the board this evening.

"I don't think about a clean up of 6 cents a pound," said the grocer. "I can't do that," said Mr. O'Connor.

"What do you think sugar costs?" demanded Pollack.

"I never think about these things, I know," returned Mr. O'Connor. "Are you trying to defend this transaction?"

"No; I admit we charged her that, but we didn't want to tell it to her. We charged her more because you didn't want to tell it."

Pollack was found guilty of selling at an unfair and unreasonable profit, contrary to the laws of the Commerce Board, Mr. O'Connor stated that an order would be specified to prevent restricting him from making a profit.

Vatican Choir  
Boys Held At  
Ellis Island

New York, Sept. 16.—Eighteen boys, members of the Vatican choir of St. Peter's, who arrived here today on the steamship "Belvedere," were sent to Ellis Island by immigration officers and not allowed to land because they are under 18 years of age, and not accompanied by their parents. This action closely follows the detention of Urvio Rodini, an Italian tenor who arrived last week and was ordered expelled from the country by a special board of inquiry on the ground that having been engaged as a member of the Metropolitan opera chorus he was a contract laborer.

## EVANGELISTIC CAMPAIGN IN LINDSAY?

Protestant Denominations Considering Bringing Evangelist to Town

Campaign of 5 Weeks Contemplated by Noted Evangelist

Whether Lindsay citizens will have the opportunity of attending and hearing an evangelistic campaign of some five weeks' duration, in the near future, rests with a committee of local churchmen, and two lay representatives of the various churches in Lindsay.

This decision was arrived at last night at a meeting held in Cambridge-st. Methodist church, which was addressed by Rev. H. L. Stevens, a prominent Canadian evangelist. Rev. Mr. Stevens just completed a large campaign in Great Britain at the outbreak of war, and since that time has been busy in conducting special evangelistic meetings, and is no warping for a campaign in Ontario. A series of one night services have been arranged for Bowmanville, Belleville, Ottawa and Hawke.

The meeting last night was well attended, and those present were favorably impressed with Rev. Mr. Stevens' manner and method of conducting a service.

PRESENTED  
WITH MEDALS  
FOR BRAVERY

Peterboro, Sept. 17.—Two Royal Humane Society medals awarded, come time ago to Donald Fitzgerald and Charles Beasley for saving the life of little Evelyn Roberts, daughter of Mr. G. A. Roberts, local superintendent of the Metropolitan Insurance Co., who resided at the corner of Smith-st. and Denison-st. were presented today. The presentation was made at 2:10 p.m. on a stand near the George-st. entrance, on which the school children under the direction of Miss Rennie of the Normal School sat.

Directly in front of the stand stood the Boy Scouts under Scoutmaster Tyrer. On the platform were Mr. G. Roberts, Mayor G. H. Duncan, Rev. Father Thelen, Rev. C. J. Davidson and His Honor Judge Huxley. His Worship the Mayor introduced Mr. Roberts to those present, who related how Charles Beasley had saved from drowning at Lake Umbagog last June, how Sir George held her above the swirling water as it raced under the Smith-st. bridge until aid arrived in the person of Don Fitzgerald, who jumped off the top of the bridge and brought them both, nearly exhausted, to the shore.

## FELL'S STATION

Fell's Station, Sept. 15.—Threshing time is here once more and Mr. Hoyer is taking the run to our barn this year. At the majority of threshings the grain is inclined to be light. Threshing is also in vogue and no doubt will be till the ground has frozen up for the winter.

Mr. B. E. Mose, a returned soldier at New Castle, sent a few letters last week with relatives at Fell's. Mr. Thomas Shankland has repaired the Chalmers on his dwelling which was hit by lightning some time ago. Mr. Joseph Scott of Perry Road, was visiting with relatives at Fell's last week.

Our School opened on Sept. 2nd with a fair attendance and Miss F. B. Robinson of Wilberforce (our former teacher) acting in the capacity of "School Marm."

Misses John Quibell, Harold Quibell, Charles Shankland, Clayton Gase, Mrs. John Quibell and Nora Shankland also some others of Fenelon, motored to Orillia on Sunday last.

Mr. S. H. Hughes of Peterborough spent the weekend with friends at Fell's. Mr. W. H. Mitchell, of Coburn spent a couple of days last week at Fell's.

Mr. E. Tipplian has recently purchased a farm west of Lindsay and expects to leave for there in the Spring.

Miss Gladys Osterhout, of Frankford has resumed her duties as school Marm at "Glenmore Lodge" by Fenelon.

Mr. Cyril Scott, of Fenelon Falls spent Sunday afternoon with relatives at Fell's.

Mrs. George Wallis is the guest of friends in Lindsay for a few days. Mr. and Mrs. Stanley Guard spent Sunday with his grandfather, Mr. John Hooper, Sr., at Oakwood.

Mr. Webster has purchased a new up-to-date tractor. Several from our village and community were in attendance at the Oakwood Fair on Tuesday.

Mr. Ed. Davis spent a few days with friends in Toronto. Hamilton and Port Credit last week. While in the city he attended the exhibition. Miss Carrie Avery spent Saturday last in Lindsay.

Messrs. Stewart and Howard Hall motored to Toronto and attended the exhibition. Mrs. George Graham of Buffalo is at present enjoying a visit with her sisters, Mrs. Clara and George Harkinson, Marquette Station.

Miss Gertrude Perrin of the Ross Memorial Hospital, Lindsay, visited her brother, Mr. F. G. Perrin during the past week.

Mr. M. Washburn, of Fenelon Falls, held his missionary address at Deussen and Goad's store last week. It was largely patronized by the ladies of Little Britain and vicinity. A large number from here intended riding in the Lindsay exhibition on Friday and Saturday.

Miss Florence Alward of Lindsay, visited friends in this section last week.

## LABOR PROBLEMS SHOW THE NECESSITY OF CLASS UNITY—CONVENTION AT OTTAWA

OTTAWA, Sept. 15.—The first day's proceedings of the national industrial conference came to rather abrupt close at four-thirty this afternoon, an hour ahead of the scheduled time, when it was found that the "employer" group had not the names to submit for their nominees for the special committee on the various subjects coming before the conference for discussion. The labor group was all ready, and Tom Moore, president of the Trades and Labor Congress, offered to put in the employers' names for the committees before adjournment. The meeting, however, decided to wait and take them all together.

During the day, some splendid addresses were heard, and perhaps none struck home so much as did the brief talk of Warren B. Stone, president of the Brotherhood of Locomotive Engineers, who followed W. Jett Lawrence, former secretary of the United States War Labor Board.

There is real social unrest in the opinion of Mr. Stone, and a hurried speech of trouble which only requires a very little of it into a dangerous flame. At the root of the social trouble is the cost of living.

Brother's keeper

"A 20 per cent. increase in the pay envelope and a 40 per cent. increase in the cost of living only aggravates the trouble," said Mr. Stone. "The cry, 'Am I my brother's keeper?' was never so heartfelt as it is today, and there is a great need for the man to arise, his enough and broad enough, to put the word 'brother' back in the brotherhood of man."

## ANNOUNCEMENT RE LINDSAY FAIR FOR PEOPLE IN NORTH—BIG FAIR DATES THIS WEEK

An effort should be made at once to circulate the County, and in Haliburton in regard to the Lindsay Fair, which will be held this week, (Thursday, Friday and Saturday).

Mr. A. Rose, and other commercial men of Lindsay state that while traveling in the north they heard a persistent rumor that the Lindsay Central Fair had been cancelled. The rumor has no foundation whatever, as the Lindsay Fair will be bigger and better than ever this year.

Lindsay always welcomes the people from the north to the county fair and not only the directors of the Fair, but merchants as well, would regret to hear that such a rumor should do any harm, or prevent any attendance.

## LINDSAY FAIR THIS WEEK

HO FOR LINDSAY FAIR! This is the exclamation heard throughout the surrounding country, and as the old saying reads, "All made lead to Lindsay this week." Lindsay will be the meeting place and the mecca of thousands of people on Thursday, Friday and Saturday of this week.

THE FAIR will surpass anything that has ever been seen in the district, and rectors having gone to special trouble and extra expense to make it a success in every department. There will be added features, new and novel events to make it entertaining from the popping open of the big gates on Thursday until the closing of the electric lights on Saturday. To-day everything is in readiness and a gang of workmen are engaged at the grounds preparing the way for the exhibits in the main hall, for the exhibiting agricultural classes and for speeding and racing.

A FEATURE OF THE FAIR will be the grand stand specialties, which includes the four Readings in a wonderful juggling act; Marvellous Lillie is a sensational and thrilling gymnast; and Theatricals, the company of lively comedy and laugh-provoking antics, a 500 foot slide, life by Bonetto Bros.; three ballroom acrobats; grand display of fireworks, etc. Besides there will be an exhibition of aerial flying, aerial stunts, by the same aviators who performed at the Toronto Exhibition, and a stand during the Canadian National Exhibition. These flyers will make two flights daily, besides making several flights with passengers. Speeding in the air will be usual interest of old and young, and this year the directors figure on two days of fast racing. Some of the best horses on the circuit will be on hand to compete for the large purses offered by the Lindsay management. There will also be a large and classy midway with new and novel amusements.

OF SPECIAL INTEREST to farmers and others interested in agricultural pursuits there will be a mammoth exhibition of live stock, poultry, rabbits, reptiles, vegetables, tractors, tools, grain, automobiles and bargains.

ON THE WHOLE NOTHING is being left to chance to make the fair what it should be, and to add to it all the Lindsay citizens are united in a grand effort to make it the most successful and successful and patronize the annual show and make 1915 a record and banner year.

## IN HUMANITY TOWARDS HIS OWN WIFE

Tells How He Drowned Her in Order to Marry Girl of 16

St. Louis, Mo., Sept. 16.—Inter-viewing his name of Solitaire in a cell in the county jail at Piquetteville, William Peter Wroten told, without a tremor in his voice, how he had drowned his wife in the presence of their two children so that he might marry Mary Brown, a sixteen-year-old country girl.

William Brown, Wroten's bride of three weeks, who is also in prison, sobbed out her love for Wroten and announced her determination to stick by him to the end.

"I've known little Mary for fifteen years," Wroten said. "When I was last youngster, she lived on a farm adjoining ours. I love her better than anything else in the world. Tuesday, July 7, I knew it was my wife's turn to take her wedding to a Calum Creek. While we were driving along my wife turned to me and said, 'I've got a secret to tell you.' I said: 'Yes, I would.'"

## IS YOUR HEART WEAK?

TEST IT OUT.

The way to find out if your heart is weak is to put your finger on your pulse. The average heart of the average man or woman should be 70 times to the minute. If it beats much below or above this rate there is something wrong. There may be palpitation, shooting pains through the heart, sleeplessness, shortness of breath, and cold sweats, waking up in the night as if dizzy, a feeling of oppression, the heart becoming weak and cold, a bluish tinge appearing about the lips, the face becoming pale, the head feeling of "pins and needles," etc.

Any of these symptoms may be the first signs of a weak heart. The first step is to get the weak heart into shape. The first step is to get the weak heart into shape. The first step is to get the weak heart into shape.

## INQUIRY ONLY BEGINS FIGHT SAYS SIR SAM

Says He Will Bring Guelph Novitiate Matter up in House As Soon as Finding and Evidence Are in

Lindsay, where he has resided for upwards of 70 years, his loss will be keenly regretted. He possessed many stirring principles of character, was a good husband and father, a level-headed businessman and a loyal townsman and Canadian. He was born in Belleville, being the son of the late Louis Rensick. For 25 years he resided in Guelph, where he was afterwards moved to London, Ont., where he spent a year or two, then returning to Bowmanville, where he gave a good position as a general manager with the Dominion Organic Food & Flour Company. Some 16 years ago he moved to Lindsay, where he was the manager of the Lindsay City Bank, which at the time was at low ebb as to credit and numbers. For years he has been actively connected with bank organizations, which was the reason for his suggestion that the Lindsay bank should be reorganized. This organization he organized and built up to a creditable position of importance among the banks of the surrounding towns and cities. The Lindsay bank had become an organization highly skilled, patriotic and energetic, and only those who have had dealings and constant with bank organizations know how hard it is to organize and maintain a good bank. The domestic business started with the 12th day of Belleville, and afterwards played with the Ontario Organ Co. bank at Bowmanville. He was instrumental in organizing the famous 1908th day of Lindsay and was the proud possessor of the Lindsay City Bank in military hands, and was exalted to the rank of Lieut. Bandmaster.

In relation he was an Anglican; in recognition he was for a considerable time a member of the Lindsay Athletic Club, and an ardent fisherman. In business he succeeded in putting the Lindsay bank on a sound basis, purchasing it some 15 years ago from Mr. E. Shelton, recently taking into partnership Mr. Nelson Mochan. In 1914, when he was a member of the Lindsay City Bank, he was also a member of the Lindsay City Bank, and was also a member of the Lindsay City Bank.

Left to mourn the loss of the late Mr. Rensick was a devoted wife, who was formerly Miss Anna March, of Bowmanville, and the following brothers: Mr. Albert Rensick, of Toronto; Mr. J. C. McCallagh, of Toronto; Mrs. G. Killings, of Toronto.

The funeral was held Monday afternoon under Masonic auspices, and was largely attended by friends and members of the Order. Many beautiful were the floral tributes.

The service at the house was in charge of Mr. Albert Rensick, of Toronto; Mr. J. C. McCallagh, of Toronto; Mrs. G. Killings, of Toronto.

While at the Lindsay fair and at the National Rifle School of photography, trigger and call for work to get all course particulars from Mr. Patton.

There is a bright future for young men in this course. Fees are reasonable, and a complete school education is sufficient. Hundreds from this district who have taken the course have steady work and big pay.

Arrival fall fair opens on Tuesday.

## SCROLL TO NEXT OF KIN TO BE ISSUED

Memorial Plaque Not Ready For Issue Yet

OTTAWA, Sept. 16.—The scroll which, with memorial plaque, is to be issued by the British Government to the next of kin of those who have fallen in the war, will shortly be distributed in Canada by the Department of Militia and Defence. It has been found impossible to issue the plaque at the same time as the scroll, owing to the necessity of building a special factory for its manufacture.

The scroll, which is on thick paper in the form of a rectangle, bears the following inscription:

"The scroll which is the memorial of the fallen soldier, and which, in the name of the King and Country, left all that was dear to them, and which they have paid in full."

## Dame Fashion's New Modes Presented in our FALL OPENING Continuing all This Week

**A Striking Assemblage of Beautiful Suits, Dresses, Coats, Furs and Dress Accessories**

As usual, this is THE Fashion Event of the Season—until never more so than this fall. PEACE is here and once more Dame Fashion steps forth free and untrammelled to appear herself as she likes.

Such Peace-Time styles in such varieties have never before graced this store—women will be fascinated by the charm of the models. It will not be a question of choosing a becoming Coat, Suit or Dress—rather it will be a question of how much you want to pay for every new model this season is most becoming.

But do not think that from the foregoing that prices are high—rather to the contrary. Prices are really very moderate—beginning at \$35.00 for a really good suit—\$18.75 for a swaggar coat and \$18.75 for a good looking dress.

No reason this season why every woman cannot be well dressed, particularly if her apparel is bought here. And if this is your desire be sure to come to this store which will really be SOCIAL EVENT for the women of this city and district.

### Fall Millinery in Smart and Distinguished Styles

Paris in everything but the price. The best models of the world's famous articles reproduced so cleverly that the originators themselves could scarcely distinguish between their own product and the reproduction.

These charming hats are priced much lower than the imported models, sometimes so low as half, sometimes even less. But one gets all the smartness, all the coveted air of Paris, all the charm, beauty and becomingness of the genuine imported model at O.K. price. Have you not seen them? If you want a hat of a high-class you can find nothing better. Prices range from \$1.50 to \$25.00.

### Women's New Fall Tailor-made Suits, Fine Value

Fancy how well dressed a woman may be in one of these well-fitting, correctly tailored suits of the latest weaves such as tri-cot, Voire Twills, Serges, Gardinieres.

Navy blue says Fashion authority, and the American woman has always given her heart to it. The maker has not overlooked a detail of the tailored suit—fine-suit collar, pinch pleats, patch pockets, button trimmed coats, shirred back skirt, patch pocketed. See our handsome suits, \$35.00 to \$100.00.

### Handsome Fur Coats, Coatees, Capes, Scarfs and Muffs.

Prices About One-Third Less Than They Will Probably be Later On. We put up with the store, purchase of furs in this showing will prove a sound and sane investment.

### Beautiful Autumn Fabrics for Suits and Dresses \$1.50 to \$6.00.

An immense array of the new and correct fabrics for autumn and winter suits and dresses now invites women's attention here. Today's mention is of a superb collection of all wool fabrics in the latest autumn tones, and due to our early buying, they are offered at exceptionally low prices, considering those generally asked today for similar qualities.

See our new silks in all the fashionable colorings for fall. We offer you splendid values in the new fall coatees. Visit our Dress Goods Section.

Our stocks of Fall and Winter Gloves, Hosiery, Underwear, Flannelette, Flannels, Blankets, Comforters and Home Furnishings are very complete. The values are exceedingly low. In many cases well below what regular values are today. It will pay you to visit our various departments and take advantage of the splendid choice offered you.

### A CORDIAL INVITATION

Is extended to all visitors to the Great Central Fair to visit our store and see our mammoth display of the New Fall Wearables. Make this store your headquarters, leave your wraps here, meet your friends here, and enjoy the many comforts which this store affords you. A Striking Assemblage of Beautiful Suits, Dresses, Coats, Furs and Dress Accessories.

New Correct Modes in Women's Fall and Winter Coats

### OVERSEAS POSTAGE

Letters to allied troops in Belgium or France must be prepaid in postage at the rate of 5 cents an ounce or fraction thereof, and two cents for each additional ounce or fraction; letters to civilians are 8 and 2 cents respectively.

### HAS HISTORIC TALE.

The famous hymn, "What a Friend We Have in Jesus," was written on an old table which is now in the possession of Mrs. J. L. Westaway, Pleasant, Port Hope. Mrs. Westaway is a sister of Mrs. Woods, Williams-st. north, and mother of Miss Gladys Westaway, formerly soprano soloist at Cambridge-st. Methodist church. The hymn in question was written by the late Joseph Scriven, whose grave is in a cemetery near Millbrook.

### TODAY'S BEST STORY

Gr-r-r-r! The train drew up with a mighty crash and shook between stations. "Is it an accident? What happened?" inquired a worried-looking individual of the conductor. "Someone pulled the hand-brake," shouted the conductor. "The express knocked our last car off the track. Take us four hours before the train is clear!" "Great Scott! Four hours! I am supposed to be married to-day!" groaned the passenger. The conductor, a bigoted bachelor, raised his eyebrows suspiciously. "Look here!" he demanded. "I suppose you ain't the chap that pulled the cord!"

### A GOOD CATCH

Mr. L. Slater, who has been successful at Pleasant Point, was successful in landing a nice sized "tuna" Monday evening in the bay above the Indian harbor.

### CITY VS. COUNTRY.

The bill just introduced in the Parliament of the United Kingdom, providing that eight hours a day or forty-eight hours a week shall be the standard for wage workers, it is provided, shall not apply to men engaged in agriculture. It may be well for the country to take such exception, but the fact is not just. The farm worker needs time to recuperate and improve his mind just as much as does the mill operative. The bill is in this regard, a piece of class legislation, and will operate to draw men from the country to the town, which is not at all altogether good thing.

### POCK'S GOOD-BYE TO PERSHING

Of all the honors which General Pershing has received in Europe, perhaps the one he will most treasure is the compliment paid to him by Marshal Poch in going aboard his Leviathan to say farewell. If there has lingered in any minds the old rumor of disagreement between the Generalissimo and the American commander it must be dispelled by the Frenchman's gracious act, and the fine sentiment of his parting words. What Poch said was, too, more than an address to Pershing, it was a message to the Americans whose sons and brothers will never return home; and, assure them that France will not forget their deed or their graves.

### POINTED PARAGRAPHS.

It's easy to find fault where it isn't.

Feels large—where wise men only admit.

Women ought to make their friends angry because they are so fond of "chasing."

Do not suffer from the cold. Buy a box of "The Great Cough Cure" and you will be cured. It is a sure cure for all kinds of coughs and colds. It is a sure cure for all kinds of coughs and colds. It is a sure cure for all kinds of coughs and colds.

### HELP SOLDIERS MATRICULATE.

With the interests of returned soldiers who are anxious to qualify for admission to the various faculties and departments of the University of Toronto will come into prominence on October 1st, a Special Matriculation Course for returned men. For admission to this course a student should have had at least one or two years in high school. The object of the course is to enable such men to obtain matriculation standing new spring, and so be qualified for admission to the university in the following fall. Applications for forms for admission may be secured from the Registrar, and should be returned with official evidence of military service. This is the fourth matriculation course that the university has offered to returned men.

### BELLEVILLE WILL TRY IT.

The Belleville council has constituted itself a special committee to investigate the high cost of living and to try to secure for its citizens a better cheapness of existence. If these alterations depend upon the Provincial legislation for the ostensible purpose of encouraging and simplifying such countries they are due for a disappointment experienced by a small committee of the Belleville Council that ceased to probe local prices. The local committee had proceeded far until they discovered that their authorities were limited that they dropped the proceedings in disgust. They undertook the task under the impression that they had plenty of powers to call and examine witnesses, but it was soon brought home to them that the legislation with possibilities of cuts that deterred them from committing the city as an expenditure the amount of which they could not estimate. Accordingly they concluded that the money could be perhaps more advantageously spent on tangible things and that if the Provincial Government had been seriously concerned about the cost of living, they would have conducted a broader and deeper investigation themselves.

### ITEMS OF INTEREST

Habit is stronger than either judgment or passion.

For centuries the world has waited for a perfect man.

What some men don't know they are always talking about.

### THE HIGH COST OF LIVING.

In days gone by when things were cheap, the people seemed content; A dollar bought a lot of things. Another paid the rent.

But with the war, the cost of things Went soaring in the air, And while we slept some profiteer Was made a millionaire.

The grocer says, "I'm not to blame," The butcher paws a heavy scale, The serrated charges forty bucks For just a common pound.

The dentist pays an aching tooth, An axa's a dollar bill; The drug that used to kill the pain Lies hidden in the pill.

And twelve good greenbacks it requires To buy a ton of coal; You can't get wood for less than ten To save your wretched soul.

Then shoes have raised almost a half— (We don't mean in the heel); It also takes a fortune now To buy a decent meal.

The doctor bears your bad complaint, Prescribes a pill, and then— Believes you of a buck or two And bids you call again.

You get your hair cut, whiskers shaved, Put on your hat to go, The barber says with smiling face, "It's fifty now, you know."

And so it is the long list through, We ask the price and sigh; There seems no sunshine in the cloud— No wonder people die.

If this world were only flat, The prices then could wing, I'd brace my feet, take one last look, And jump clean off the thing.

We've got to live, and pay the price, If prices reach the sky; If we endure, we too may soar The very day we die.

### CAUGHT FISH WITH BAKE

George Talp, locomotive engineer on the New York Central, broke all previous records at Ogdensburg Saturday by catching a twenty-five pound muskashone with a long-handled rake. Talp had taken his engine to the pier to receive guest cars, that were ferried over from Prescott, and while waiting for the boat to make fast to the dock, he saw the big fish near the shore. He grabbed the fireman's rake, tipped to the water's edge, and succeeded in stunning the fish with a heavy blow. By skill work he managed to land his catch safely, hauling it in, with the rake. The fish appeared to be in normal condition, and was a fine specimen of the finny tribe. It weighed 25 pounds.

Early going men are apt to spend too much time up in the clouds looking for the silver lining.

### DOWNEYVILLE

## Teething Troubles

Baby's teething time is a time of worry for most mothers. Baby's little gums become swollen and tender; his bowels get out of order and constipation, colic and even diarrhoea result. To make the teething period easy Baby's Own Tablets should be given the little one. They soothe the stomach; regulate the bowels and keep baby good natured. Concerning them, Mrs. Mayr of L. Leinster, Monmouth, West, N. H. writes: "I have used Baby's Own Tablets for the past six years and have found them indispensable. To my mind nothing can equal them in allaying the fever accompanying teething. I would not be without them and can very strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Wm. H. Medicine Co., Brockville, Ont.

## The Exhibition of New Merchandise Throughout The Store Continues

## IN THE MATTER OF FURS

The vogue of mink is assured, Kolinsky is much to the fore, and every variety of Fox stands on the peak of Fashion's favor. The dolman wrap has things pretty much its own way, either in abbreviated or full length form, and the manipulation of fur in drapings is infinitely resourceful. Quaint conceits in the way of little capes with butterfly sleeves or demurely Victorian Carpes are very beguiling and the small round muff carries out the scheme. Long scarfs with pockets and scarfs that become waistcoats are interesting in mole or Hudson seal (seal dyed muskrat), and the animal stoles, fox vie with them in popularity.

## FASCINATING SMALL NECKPIECES AND MUFFS OF SMARTLY BLENDED WOLF

These small animal neckpieces in useful for the present and quite modish and comfortable with the convertible collar will later on. Moreover, the Wolf skins used in them are so fine and beautifully shaded that it is almost impossible for the average person to detect them from fox. They may be had in three shades—ape, black. Priced at each \$27.50 and \$25.00. Round Muffs, to match, silk lined, with wrist roll and ring, are \$25.00.

## REPRESENTATIVE SHOWING OF NEW FALL UNDERWEAR FOR WOMEN AND CHILDREN

These famous lines of underwear that we are featuring Wednesday for Fall, 1919, are universally accepted and endorsed by an exacting clientele for their superior qualities—their perfect fitting characteristics—their softness of weave and comfort, and their splendid wearing attributes. All are guaranteed brands that after years of service have endeared themselves very much to their wearers. We wish to lay special stress on the fact that many of the lines we are featuring were ordered when prices were much lower than they are to-day, and early purchasing is particularly advisable while styles and sizes are complete.

## OUR MILLINERY IS DISTINCTLY BECOMING

Despite the moderate prices our hats are individual models offering a wide choice from snug, close-fitting toques to large hats. The wide of distinction is further stressed by the extra good quality silk velvet and plush of which each model is composed. Cleverly finished with Paris trimmings and coming in black or favored colors. A very large range now ready for you.

## Runaway At Bobcaygeon

Bobcaygeon, Sept. 16.—There was a fierce runaway yesterday afternoon when the team of Mr. Thomas Osh ran away from the plowing mill with a load of lumber down Holloway and across the three bridges, and were only stopped when they ran into the rear of Joseph Finlay's wagon, driven by John Finley. The force of the impact threw one of Mr. Osh's team to the ground, and at the same time frightened Mr. Finlay's team that they started to jump. The wagon tongues of both wagons were broken, but otherwise little damage was done.

## WOMAN SHOVELS COAL ON LINER TO GET ACROSS ATLANTIC

New York, Sept. 22.—With her hair cut short and wearing a man's wig, Kate Wilson, 22 years old, who says she worked her way to America from Southampton, England, as a coal passer on the transport Plattsburg, seven weeks ago, was arrested today by Recorder Carter in Hoboken on a charge of being a disorderly person. She was arrested early today in that city.

"I lived outside Liverpool," she said. "Things were so bad in England that I wanted to come to New York. I made four attempts before I got over. Once I tried to go to America, they stopped me. Then I tried to get passage as a stewardess, and I was stopped again. At Southampton I tried to smuggle aboard another boat; the magistrate told me he would give me five years if I tried it again."

"I cut my hair off short, got a sailor's suit and went on board the Plattsburg at Southampton, and they gave me a coal passer's name."

She said she had been cooking for sailors on ships docked in Hoboken. "Please don't send me back," she pleaded. "If I go back I'll get five years."

The Recorder held her for the Federal authorities.

## SOVIET MOTION DREW FORTH HOT DEBATE

### Labor Congress at Hamilton Failed to Pass Motion

### Armstrong, of Winnipeg, Given Hearty Cheers

Hamilton, Ont., Sept. 22.—Endorsement of the Soviet Government of Russia and the release of Canadian political prisoners, formed the subject matter of two resolutions before the Dominion Trades and Labor Congress today.

The resolution calling for the release of all political prisoners incarcerated during the way under Orders-in-Council and that a general amnesty be declared, but that to include anyone convicted of assisting the enemy during the war, seemed likely to precipitate a stormy debate.

The question of referring the resolution to a committee to study it, was also put, but failed to secure the necessary two-thirds vote. The count showed 264 in favor out of 617 delegates present.

George Armstrong, of Winnipeg, one of the general strike leaders now out on bail, moved the resolutions regarding the Russian Soviet, read as follows: "Owing to the stand of the Government of the United States in its determination of nations, that this congress demand the immediate withdrawal of the allied troops from Russia, that the Russian Government be given financial aid to the reactionary groups that are trying to establish a monarchy or other form of bourgeoisie government, and that we go on record as endorsing the Soviet as an administrative effort of the Soviet in its working class."

"Move that it be filed," said Delegates W. Kennedy, Toronto Civic Employees Union.

"Send it to the resolutions committee," amended Delegates Walsh, of Vancouver.

"I think this is the time when we should speak in the interests of the working classes of Russia," began James Birk, of Toronto.

"You're out of order," ruled President Moore.

"No," yelled Birk.

"You are."

"I'm not."

## RIOTING IS RAMPANT AMONG N. Y. STRIKERS

### Many Injured in Pitched Battle at Farrell—One Man Killed

New York, Sept. 22.—The second day of the great struggle between the labor union and the U. S. Steel Corporation opened with the question as to the extent to which the industry has been affected by the strike still uncertain, confused as it is by the conflicting claims of the leaders on either side. That the industry has been greatly crippled in the great centre of Pittsburgh, Chicago and Youngstown was certain, and early reports today recorded several cases for the strikers.

In the Pittsburgh district several of the U. S. Steel Co. plants were closed and the Bradwood and Rankin plants of the American Steel & Wire Co., both of which attempted to continue operations yesterday, were shut down today. Those two plants employ approximately 15,000 men.

In the Chicago district similar conditions prevailed. Nearly all of the plants in that region, including Gary and Hammond, either were closed today or operating at greatly reduced capacity. The strike leaders claimed that 75 per cent. of the 36,000 workers were out and that in Gary the percentage was 95. The Recorder held her for the Federal authorities.

"You will sit down!" ordered Moore.

"I won't," retorted Birk.

"If you don't sit down I'll call the Sergeant-at-Arm."

"I don't care—Oh—" flashed the Toronto man.

The entire congress by this time was in disorder, and the babble of voices, coupled with the sustained hammering of the chairman's gavel, made the noise deafening.

Discussed in Other Countries.

Armstrong then pointed out that England, France and Italy had given free discussion to this question, and that the same should obtain here.

During a Hamilton time declared the resolution should be filed, as it had not been submitted ten days before the convention.

"I was in jail 30 days ago," he retorted Armstrong, and a scene of the wildest demonstration. Cries of "Hurray," "Give him, give him all right," "We're with you," and like being hurled at Armstrong.

## WILL TRY TO COMMUNICATE WITH MARS

### Balloon to Ascend 50,000 Feet—Is Divided Into Two Compartments

Omaha, Neb., Sept. 22.—Leo Stevens, balloon instructor at Port Stevens, announced today that Prof. David Todd will attempt to communicate with the planet Mars this fall in a balloon to be constructed and piloted by Stevens. The balloon, to be the largest ever made, will ascend 50,000 feet. Stevens said. Its capacity will be 14,000 lbs.

The balloon will be enabled to rise to the expected height, Stevens said, by use of an invention which divides the balloon in two compartments, the upper containing hydrogen gas and the lower fresh air.

One of the most enthusiastic conversations held in Lindsay in years concerned in the Academy of Music Wednesday afternoon. Delegates were present from all parts of the riding, a large number of ladies being in attendance. Dr. J. W. Wood, of Lindsay, the local President of the Association, received the unanimous choice of the convention and will carry the standard of the Conservative party to victory on Oct. 20.

Hon. L. B. Lucas, Attorney-General, was the principal speaker of the afternoon. A full report of the convention will appear in next week's Watchman-Warder.

## LABORITES DENOUNCE THE O. B. U.

Hamilton, Sept. 22.—Any disposition of the O. B. U. idea to form their views upon it. Dominion Trade and Labor Congress received a decided setback this afternoon, when the convention turned down the slightest suggestion of forming a new organization. The O. B. U. is one of the biggest enemies with which organized labor has to contend, and that the surest way in which the workers defeat the same of labor is to play into the hands of capital by boosting the theory of the O. B. U.

The investigation by Commissioner Dr. J. G. Robertson into horse racing and race track gambling opened at Ottawa.

## Elections and Referendum Oct. 20—Sir William Hearst Issues Manifesto to the People

### A PROGRESSIVE PLATFORM

- The policies upon which Sir William Hearst will ask the people of Ontario to pass judgment are set out under the following heading:
- (1) The greatest possible assistance to agriculture in every shape and form;
  - (2) Vigorous support of Hydro-Electric development and cheap light and power for the farmers;
  - (4) Conversion of certain railway lines into Hydro-Electric lines;
  - (5) Good roads reaching every part of Ontario;
  - (6) A pension fund for mothers;
  - (7) Direct representation of Labor in the Cabinet;
  - (8) Establishment of a minimum wage;
  - (9) Unification of the labor laws of Canada on a just and equitable basis;
  - (10) Further labor legislation within Provincial jurisdiction as may arise out of the findings of the National Industrial Conference and the International Labor Congress;
  - (11) Housing accommodation for industrial workers;
  - (12) Special consideration to returned soldiers with Cabinet representation;
  - (13) A new era for education, providing technical and agricultural instruction throughout the province;
  - (14) Improvement of transportation facilities in Northern Ontario;
  - (15) Conservation of our timber resources and encouragement to mining;
  - (16) Measures to reduce the high cost of living;
  - (17) Protection of the public health, generous assistance to hospitals and charities, and special care of mental defectives.

## ELECTION AND REFERENDUM

Election day for the Province of Ontario has been set for Monday, Oct. 20, with the Referendum vote on the same day.

Sir William Hearst, the able, fair and broad-minded Premier, has issued a manifesto—the runs of what promises to be one of the greatest political fights in the history of Ontario are beginning to boom.

There are those who will deride having an election on the same day as the Referendum vote, but as the Globe (the leading Liberal organ) said, it would be useless expenditure to have two elections. The Government could not have chosen a more suitable date. That is the date at which the Referendum vote will be held. The campaign will naturally be a break one, owing to election day being less than a month away. It will be fair game before or a short time after and above board.

Conservatives in South Victoria are in convention today and will select a candidate to contest the riding against the T.P.O. candidate. The campaign will naturally be a break one, owing to election day being less than a month away. It will be fair game before or a short time after and above board.

## FORMER LINDSAY MAN DIED AT NEW LENOX

New Lennox, Sept. 22.—William T. McDonald, aged fifty-nine years, died at his home in New Lenox on Saturday following a severe attack of illness. Mr. McDonald had been connected with the freight department of the Rock Island railroad at Hamilton Park for 12 years. He was visited by members of his office during his illness.

Mr. McDonald was born in Lindsay, Ontario, September 9, 1851. He lived in New Lenox for a number of years. He is survived by his widow and one daughter, Miss Edna. Funeral services were held from the late home Monday afternoon, two o'clock. Rev. J. L. Matlack of the Methodist church officiating. Burial was at Maplewood cemetery, New Lenox.

## Victoria Farmers Win in Judging Competition

In the judging competition for farmers' sons under 26 years of age held at the Canadian National Exhibition, Toronto, the following young men took prizes:

Murray Smith, Woodville, 1st on sheep and 7th on grain and roots; D. A. Wilson, Woodville, 2nd on sheep and 3rd on grain and roots; Edgar Carter, Woodville, 3rd on sheep; Morris Cameron, 4th on heavy horses. The winning of these four men totalled 97. There were 177 contestants in all classes.

All the boys mentioned got their early training through the agricultural courses arranged by the local agricultural representatives of the Ontario Department of Agriculture.

## OLDEST LIVING MAN IN KENTUCKY

Some years ago Dr. Woods Hutchinson, an entertaining writer upon medical subjects for American magazines and newspapers, declared that people did not nowadays live to be a hundred years old, that there were probably few centenarians, if any, in modern times, and that those who claimed extremely advanced age were as a rule people of whose lives there existed no acceptable records, but the claim that there are no centenarians is extreme, and not many people will accept it unreservedly. Even while the doctor was writing, a centenarian was being born in Kentucky, a centenarian who has now passed his hundred birthday, and who is now 131.

There is little doubt that he is the oldest living human being, and there appears to be little doubt that he

has reached the age claimed. Old men who have known him all their lives say that his grandfather, a member him as a man when they were boys. He has in his possession a receipt for a levy paid to him in 1809, when he had to be 21 years old to be liable for those indebted. There is in this case no more evidence than it is impossible to doubt the claims of extreme and record-breaking age.

Mr. George Long

The aged man is John Shell, who was born before George Washington was the first President of the American Republic. At one hundred and three, he is so old that he remembers when Bryan was not running for the Presidency, and we dare say that his recollections as to prices of corn and eggs would be suppressed as

For more than a century he has lived on the back of a small creek thirty miles from any town and attributes his wonderful age to the judicious use of whiskey and the clean, clear air of the Kentucky hills.

fortunately he does not develop his views as to what he means by "judicious," which at such a time when the intoxicating effect of light beer is being discussed, would be of interest.

He simply says that he likes whiskey and drinks it whenever he gets a chance. But he does not know how. He tried it once, and concluded that life was too short for him to acquire the habit.

Third Set of Teeth

When Mr. Shell visited Lexington recently to attend the Blue Grass Fair, he was one of the most interesting relics on the ground. His friends, who induced him to make a trip, took \$1000 money with them, which was put there years ago when the old gentleman ceased to be as fit for work as he had been a hundred years before, and that he was behind in his payments. They knew that he would refuse any present, so they arranged that he should occupy a tent on the grounds, and charge a small admission fee. The result was that when he left Lexington, he had in his possession plenty of money to fill the mortgage. Apart from the mortgage about one hundred, now happily removed, Mr. Shell appears to have no worries, though he admits that he does not expect to see his 132nd birthday. His eyesight is excellent, and only three or four months ago he won a shooting match. He retains a few of his third set of teeth, but his hearing is defective. He says that he was in his prime at 75 and then he did his best work. He never had a "fuss" in his life, and declares that freedom from worry and hard work, or rather lack of it, is the secret of his long life.

### CLEAN-UP DAY ON OCTOBER 9

Citizens are reminded that Oct. 9th will be observed as Clean-up Day throughout Ontario, and on this date it is expected that all citizens will make an effort to co-operate with the Fire Department, the Board of Health, Board of Trade and Town Council and make a general clean-up of the entire town. Every owner of property should get busy on the rear lot, and all merchants should get rid of the rubbish in the rear lane and at the back door.

Let Lindsay make Clean-up Day a sort of half-holiday, on which all premises can be put in ship-shape order.

#### Govt. Standard Clothes For Women

Lindsay, Sept. 23.—Increasingly high prices for women's clothing, forecast by the clothing trade for the coming winter, probably will be combated by the manufacturer, under Government supervision, of a "million standard" collection, and cost frocks, such as were manufactured during 1918.

Leeds firms have upwards of 2,000,000 yards of material available for the manufacture of these "standard" garments, but announce that increased cost of production probably will bring the cost price of the new lot to \$13 or \$12. Similar garments last year were retailed for \$14 to \$16.

### New Kind of Strike In Berlin

Berlin, Sept. 23.—Berlin on Wednesday witnessed the unusual strike of 75,000 retail food shop dealers. At 10 a.m. 30 per cent. of the bakers, butchers, grocers and grocers put up the shutters and for six hours conducted a demonstration against the project to nationalize the food trade of Berlin. The demonstration was a distinct success except that in the eastern and north-western parts of the city shops did not close because the consumers threatened to boycott all dealers who closed.

The chief reason for demanding that the food trade should be nationalized is to ensure a better supply of the necessities of life. These, after a short period of relative plenty, are becoming very scarce, mainly because the low rate of exchange of the mark makes it impossible to import foodstuffs. The scarcity is aggravated by the corruption of food dealers, who raise prices beyond any measure.

Swindling in the retailing of food is becoming so widespread that the government cannot leave it untouched. In fact this dishonest development and wanton enhancement of prices make food riots almost a regular occurrence in Germany. The latest and most unpleasant took place in Breslau, but such riots have been taking place in almost all towns in Germany, and in several, but they many times in regular cycles.

### TORONTO HAS TWO MURDERS TO UNRAVEL

#### Dane Stabbed Through Heart in Boarding House.

#### Victim of Shooting Dies in the Hospital.

Toronto, Sept. 24.—Two murders in 24 hours is the unenviable record thrust upon Toronto by the stabbing to death of William Hansen, a Dane, living on Peter-st., in a house at 6 St. Andrew-st. last evening. Fred Hansen and Charles Hansen, also living at the Peter-st. address, are held on charges of murder and material witness, respectively. William Hansen died at a wound over the heart, caused by the thrust of a penknife supposedly in the hands of Fred Hansen. He died in Grace Hospital an hour after receiving his death wound.

About three weeks ago I was awakened terribly bad with my heart; nervous fainting spells, and was down for two or three days. Finally, I doctor with two different doctors, and they told me to get better although the fainting spells would not leave me. I was that tired and nervous that I could not get up and was not safe to leave the house at all. At last I decided to resort to proprietary medicine and took several boxes of Milburn's Heart and Nerve Pills. I noticed the advertisement of Milburn's Heart and Nerve Pills. I decided to try them and I received two boxes more than two boxes I could see they were doing.
